

Outdoor Masking Tape, Blue

Description

Specially designed masking tape intended for outdoor use. Water-resistant paper, suitable to protect surfaces for 15 days from sunlight. Special water-based adhesive compound that is easy to remove after application. The tape tears easily and is flexible when painting where flexible shapes are required.

Usage

For domestic and industrial painting. Suitable for water-based paints and solvent-based paints. Can be used indoors and outdoors. Excellent for painting ships.

Characteristics

Backing	Water-resistant impregnated blue crepe paper
Adhesive	Water-based acrylic
Paper thickness [µm]	110 ±20
Total thickness [µm]	149 ±25
Adhesion to metal [N/25 mm]	above 3 (TM 5004 by Afera)
Tensile strength MD [N/25 mm]	110 ±30 (TM 5004 by Afera)
Elongation at break MD [%]	10± 3 (TM 5004 by Afera)

Sizes

Width [mm]	30, 38, 48
Length [m]	50
Core [mm]	3"

Storage / Transport Conditions

Before use, keep at room temperature for 24 hours, above 18 °C. Store in a cool, dry place, away from sunlight and direct heat sources. If storage conditions are observed, the product is guaranteed for 12 months.

Additional Information

All statements, technical information and product recommendations are based on tests carried out in our laboratories, which we believe to be reliable. However, in all cases the user should determine the product's suitability for the intended use, and the user assumes all risks and responsibility associated therewith. Neither the seller nor the manufacturer is liable for losses or damage resulting from the use of the product, whether direct, incidental or consequential. Detailed information on test methods is available on request.
